OFFICE NOTE.

File No. 213-07

SUBJECT.

Proposal to construct an Orphanage for the Mohomedan boys and girls at Bangalore.

From

The Deputy Commissioner, Bangalore District

Letter No. 137, Dated 9th June 1908.

In August 1907, one Khazi Mohomed Hussain Sahib of Jali Masjid, Bangalore City, applied to the Inspector General of Education in Mysore for aid towards the construction of an Orphanage for Mohomedan boys and girls of the Bangalore City on a site selected by him at Bangalore. He was informed in reply that he should apply to the Muzrai Secretary for help from the Sultan's Gunbuz Funds and it would be advisable for him to form a Committee of influential men for the purpose &

collecting subscriptions.

The Khazi thereupon presented 2 petitions one to the General and Revenue Secretariat and the other to this Department, on the same subject, and they were forwarded to the Deputy Commissioner, Bangalore District, for favour of a full and early report.

The report has now been received. From it and its enclosures, it is observed that the Deputy Commissioner Mr. D. Devaraj Urs, having found the selected site unsuited for the purpose, requested the Assistant Commissioner to select another site in consultation with the petitioner, and at the same time suggested that the site lying at the junction of Sheshadripuram and Mill Roads would answer the purpose. The present Deputy Commissioner, Mr. B.J. Kumarasami Naik, reports that the last named site suggested by his predecessor, forms a portion of Survey No. 45 of Hanumantapura village measuring 4 acres and 32 guntas and assessed at Rs 7-8-0, that only 32 guntas of the Survey no. is required for the construction of the Orphanage, that the Panchayetdars fix the compensation therefor at Rs 250/- per acre, which the applicant is willing to pay, but that

the owner of the land wants Rs 1,100/- per acre and is not willing to part with a portion of the land but wants the whole survey number to be purchased The Deputy Commissioner further reports that the cost of the buildings is estimated at Rs 3,087/- which the applicant wants to be paid out of the funds of the Gumbaz at Seringapatam The buildings to be so constructed is intended by the applicant to afford accommodation to 250 mohomedan boys and to an equal number of mohomedan girls.

The Deputy Commissioner says that, on receipt of further instructions in the matter he would take steps for acquiring the land, if necessary, under the Land Acquisition Regulation

Subd

The object of the petitioner viz to establish an orphanage for poor moslem boys is no doubt a commendable one & deserving of Govt help, but petr wants Govt to do

everything and he is not hopeful of securing any funds from private subscriptions & donations. It is not possible for Govt to undertake such a scheme, at its own cost for various reasons, ~~except~~ except perhaps, for a time in connection with a famine or serious calamity when private effort may be temporarily paralysed. If Petr secures sufficient ~~&~~ private help Govt in the Muzrai or Educl Dept may give him some help, but in the absence of private effort it does not seem possible or expedient to take any further action.

Even as regards the acquisition of the land selected by the Dy Comm in consultation with the Petr, it does not appear that it would be legal for Govt to acquire land under the Land Acqn Regn for a private

purpose like an orphanage. This is however a minor question which need not be further considered in view of the inability of the petrs to secure the necessary funds by private effort.

The petrs may be given an endorsement to say that while Govt would be glad to help a project like the establishment of an orphanage if placed on a proper footing by private effort, they are not prepared to undertake the establishment of an orphanage entirely at the cost of the state and are unable to grant the requests preferred by petrs.
